PURPOSE

To retain talent locally by creating an environment where students feel welcomed into our community and develop genuine professionals connections.

WHY INVEST?

Help students connect to our community and find rewarding employment locally

- Join a proven program and market it as a unique opportunity provided by your college
- Introduce students to local companies looking to hire now and in the future

Supplement your career service offerings

- Students get access to resume reviews, the Intercultural Development Inventory (IDI), and one-to-one networking support from area experts
- Employment coaching services are based on regional hiring demand data

Boost student job placement after graduation

- Build goodwill with major area employers, leading professionals, and donors
- Strengthen your institution's job placement statistics to attract students
